

Yreka Transfer Recycling pays for these materials:

- CRV aluminum cans - Crushing is not necessary, but please keep cans clean and dry. Loads contaminated with dirt, moisture or garbage may be accepted at a reduced rate but will be rejected if heavily contaminated. Foil and pie plates are not accepted.
- Scrap aluminum cans are those without the CRV label. Crushing is not necessary, but please keep cans clean and dry. Loads contaminated with dirt, moisture or garbage may be accepted at a reduced rate but will be rejected if heavily contaminated.
- Copper, aluminum and brass. Clean and separate. Accepted at Yreka only.
- CRV PET Plastic such as soda, juice, water, sport drink and tonic water bottles. Rinse out and remove caps. Small loads will be counted, larger loads paid by weight. Note: 100 percent fruit juice containers over 46 ounces are not CRV.
- CRV glass, from products such as beer, wine cooler, juices, ice tea and mineral water. Remove caps, rinse, separate color - if glass contains even a hint of color, keep with appropriate colored glass.
- Scrap glass is found in glass containers not bearing the CRV label, including 100 percent juice drinks in containers over 46 ounces, hard liquor and food products. Remove caps and rinse out, labels may be left on. Cannot accept broken glass, Pyrex, window glass or ceramics.
- CRV Bimetal cans such as Sapporo beer cans, clean and separate from other metal cans. Crushing is not necessary, but please keep cans clean and dry. Loads contaminated with dirt, moisture or garbage may be accepted at a reduced rate but will be rejected if heavily contaminated.
- CRV #2 HDPE plastic such as gallon water jugs, some fruit juice cocktails. Note: 100 percent fruit juice containers over 46 ounces are not CRV.
- CRV #3 - #7 plastics with a CRV label. Usually counted and paid per piece.
- Newspapers includes newsprint only, no magazines, newspaper ad inserts, junk mail or phone books. Bundle and tie or stack in a paper bag.
- Plastic #1 and plastic #2 - separate #1 from #2 (look for number on bottom of container inside recycling symbol. Rinse container and remove caps. Cannot accept plastic bags, motor oil or antifreeze containers.
- Cardboard includes clean dry corrugated cardboard only. No waxed cardboard, cereal boxes, detergent boxes or shoeboxes. Brown paper bags can be used to contain cardboard and can be recycled with cardboard. Bundle or bag.
- White office paper such as computer paper, copy paper, letterhead, typing paper and white envelopes without plastic windows.
- Colored office paper such as opened junk mail, colored copy paper, post-it notes, fax paper, legal pad paper, envelopes with windows. Please do not put newsprint or magazines in this paper.

- Styrofoam packing peanuts, peanuts only, no solid Styrofoam or water dissolving peanuts. Peanuts must be in sealed box or bag and must be clean enough to be reused as they are.
